

Hanover Township Green Team

Hanover residents:

We're hard at work, and we need your help! Green living is here to stay. Efficient, responsible, and resourceful planning is becoming the new norm. It helps the environment, saves us money...but it requires commitment and dedication.

The Hanover Township Green Team is partnering with Sustainable Jersey to promote and adapt green standards. We need you to help us educate residents, earn achievement points, and extend the green lifestyle throughout Hanover Township.

To join the Hanover Township Green Team and learn more, email us at GreenTeam@HanoverTownship.com.
